MEDIA ADVISORY – JUNE 21, 2022

Just after 9 p.m., on Monday, June 20, 2022, the Boerne 911 Dispatch Center received an initial call of a possible fire at the Tapatio Springs Hill Country Resort located at 1 Resort Way, which is located outside the city limits.

The caller, a security guard, was able to report seeing smoke on the cameras in the building that houses the Puresólspa.

Upon arrival firefighters saw flames shooting through the roof of the building and immediately began working to extinguish the fire.

Despite the best efforts of firefighters from the Boerne, Leon Springs, Bergheim, and Comfort Fire-Rescue, the approximately 10,000 square foot building was a total loss.

It is believed no one was inside when the fire began, and no injuries were reported.

The cause remains under investigation. The Kendall County Fire Marshal's Office will lead the investigation into the cause of the fire.
